

CATHEDRAL FAIR.

It Opened Auspiciously to a Big Crowd Last Night.

MANY NEW, ORIGINAL FEATURES

Are Shown for the First Time—A Daily Newspaper is a Feature—The German and Irish Rivals for Patronage—The Irish Village Very Popular—The "Village of the Nations"—The Flower Booth and Other Attractions.

The fair, bazaar and festival, given by the St. Joseph Cathedral congregation, preparations for which have been in progress for some time, opened at 6 o'clock last evening, and the number of people who were on hand when the doors opened is evidence of the deep interest taken in the fair by the people. That it is to be an unqualified success financially is as sure as the indisputable fact that in the artistic sense it has already achieved a triumph. The object to which the proceeds are to be devoted, a new episcopal residence, makes any amount of success no more than is deserved.

In the early evening the supper tables were of course the center of attraction. There were three supper tables, or three groups of tables rather, including the B. V. M., German and Irish. All were the means of streams of people during the early evening, and not a hungry mortal escaped. These tables were in charge of the following:

B. V. M., Refreshment Table—Misses Annie Fitzsimmons, May O'Kane, Lizette Counahan, Sara Connelly, Lavinia Carroll, Tena Schaefer, Theresa Boes, Etta Weltzell, Maggie Doyle, Carrie Erb, Della McFadden, Lillie Welty. Irish Supper Table—Misses Margaret Farley, Mesdames Peter Farrell, James Devine, L. Tracy, Misses Lillie Hague, Mary O'Brien, Maude Liston, Mary Manion, Ella O'Neill, Sadie Galtner, Helen Farley, Maggie Gilligan, V. Williamson, Jennie Werge, Gertrude Sauer. German supper table—Mesdames M. Truchel, H. Dush, George Hook, William Welty, George Aul, A. Wilkie, Misses Mary Leocher, Mary Breinig, Mina Boyley, Annie Miller.

The fair has many attractions in addition to the department where the inner man is satisfied.

First comes the Irish village in charge of a committee led by Mrs. M. J. McFadden and Mrs. Thomas O'Brien. Here are attractions that would put to rout those alleged Irish village models that held forth at the late World's Fair. The blarney stone is there, "Mike" is there and "Biddy" not far off. In fact you can see all of Ireland without seeing in this village. The committee:

Irish village—Mesdames M. J. McFadden, Thomas O'Brien; Misses Margaret O'Kane, L. Brennan, Raphael Moran, Kate Boshy, Mary Donahue, Maggie McFadden, Beulah Smith, Tillie Kelly, Lillie Kuglin, Rose Rock, Dora Brockhardt, Mamie Owens.

The "Village of Nations" is a center of attractions, and it is worthy of all it receives. The various nationalities are taken by the following young ladies: French, Miss Gertrude Reister; Jap, Miss Bertha Schuler; Turk, Miss Emma Zwickler; German, Miss Emma Yahn; Spanish, Miss Cora Matthews; Gypsy, Miss Ada Bosby.

At the fancy booth many wonderful creations of the needle art are displayed and find a ready sale. There are the accommodating sales-ladies who preside here:

Mesdames James Eilan, Charles Dittman, John S. Welty; Misses Margaret Kerwick, Clara Wingerter, Mamie Welty, Annie Lee, Mamie McKean.

The flower table always has an admiring crowd in its vicinity. Nature, in its sunniest mood, could not make a finer show than is seen here. The committee: Misses Petronella Deelecher, Mary Hughes, Emma Connelly, Kate O'Hare, Elenora Leocher, Maggie Jones, Annie Gribben.

Last, but by no means least, comes the booth where "The Pumpkin Seed" has its abiding place. The "Seed" is a novel idea in connection with the fair; it is a daily paper issued under the editorial direction of Mr. J. W. Decker, which insures the continuance of the high standard of excellence shown in the initial issue published last evening. If you are not up on the fair consult the "Pumpkin Seed." "If you see it in the Seed it's so."

The "Seed's" booth is in charge of a bevy of young ladies who have enough ability to put life into any paper, not even excepting an "Arizona Kicker." They are the following: Misses Retta Woods, Annie Jepson, Gertrude Leocher, Kate Manion, Della Manion, Georgia Bosley, Joe Kelly, Ada Carroll, Babe Smith, Loreta Truchel.

A successful publication must be marketed in order to be successful. When the following array of "Pumpkin Seed" newsmen is glanced over, it will be seen it is sure to sell or somebody will die in the attempt: Masters Charles Manion, John O'Brien, Bernice Gaus, Charlie Gilligan, Valentine Gundling, Harry Letkus, Albert Money, Gene Black, Frank Harsener, Albert Arnold, Raymond Miles, Willie McGilgan, George Carenhauer, John Burns, Joe Ward, Willie Glenn, Patay McDonald, George Gehring, Rob Farley, Harry Wasemann, John Jepson, Harry Gundling, John Manley, Ed. Jepson, Ed Varley.

Going to the Fair.
At a meeting of the members of the congregation of St. Vincent de Paul's, Catholic church, of Elm Grove, held on Sunday, Rev. Father Paganin, the rector, presiding, it was decided that the members of the congregation and their friends would attend the Cathedral fair and bazaar in a body on Thursday evening. They will take the 7 o'clock motor at Elm Grove.

A NEW DIRECTORY.
The Commercial Printing Company will get out a City Gazetteer.

Lately the announcement has been sent out to Wheeling business men that a new city directory will be printed next year. The facilities of the company are extensive and complete, and the plans give reason to believe that the new book will be a model. The directory is promised for delivery between July 1 and 10 of 1896. The work of canvassing for it will begin April 8, as soon as people who move are fairly settled down. The publishers announce as a special feature of the work that extra pains will be taken to make it full, accurate and reliable. Those interested are all men of experience and intelligence, and there is no reason the new directory should not be worthy of public patronage, a convenience to business men and a credit to the publishers.

In addition to the usual classified business directory, city officials, etc., etc., a complete alphabetical list of all the postoffices in the United States, with counties and states, will be included, making the book about 800 pages in all.

LOCAL BRIEVITIES.

Matters of Minor Moment in and About the City.

The Grand this evening—Boston Howard Specialty Company.

The Cathedral bazaar and festival will be repeated this evening.

Last evening the engine was broken which operates mills Nos. 6, 7, 8 and 9 at the Actna-Standard works.

There are signs of activity in the poultry and game markets, and celery and cranberries are in demand.

Yesterday William H. McCool, aged 35, and Sarah J. Seachrist, aged 25, both of this city, were licensed to wed by Clerk Hook.

The natural gas at the Rochester Tumbler Works gave out yesterday, and it is feared that they will lose all the pots, about 120.

Arthur Piper was the only name registered on the police court docket at midnight. He had two charges lodged against him, however.

A regular meeting of the city council will be held this evening. There are a great many measures of importance which ought to receive attention.

In the police court yesterday James Dugan was given thirty days on the bill, and a disorderly case was dismissed, the complainant not appearing.

A large number of sacks have been distributed throughout the city for the annual Thanksgiving offering of that worthy institution, the Children's Home.

Yesterday the county commissioners' committee on court house and jail met and audited the monthly bills. The poor house and farm committee will hold its regular monthly session to-day.

The Pennsylvania and Baltimore & Ohio have made a Thanksgiving rate of two cents a mile, and the Ohio River road's rate is one fare for the round trip. Tickets are on sale Wednesday and Thursday.

The annual ball of the Wheeling hackmen will be given this evening at Zgrozgen's hall, in Fulton. These events are always hilarious and popular, and no doubt there will be the usual crowd present this evening.

John Dugan, the Pan-Handle conductor who was so badly hurt by falling from a trestle Sunday night, was still lying at the city hospital last night. His wife was notified and came down from Steubenville yesterday.

A Thanksgiving service will be held in the English Lutheran church on Thursday at 10:30. The sermon will be preached by the pastor, Rev. Samuel Schwarm. A cordial invitation is extended to the public to attend the service.

The Wash-Jeff foot ball people were greatly pleased with their trip to Wheeling over the Powlitz. It was a trip few Washingtonians have made. Passenger Agent Fred B. Sankey, as usual, did everything possible for the comfort of the excursionists.

It is customary for the Young Men's Christian Association to have a reception or entertainment or social gathering of some sort on all holidays. The annual Thanksgiving entertainment will be held on Thursday evening. Members of the Association will have the privilege of being accompanied by ladies.

ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

Peter Maher and Jim Hall, the pugilists, were at the McClure.

F. W. Bartlett, of Mannington, figures on the register at the McClure.

W. C. Mooney, of Woodfield, a well known business man, is in the city.

Prosecuting Attorney C. L. Weems, of St. Clairsville, was in town yesterday and registered at the McClure.

Daniel Taylor, of New Cumberland, and George A. Grafton, of the Marietta Chair Company, are McClure guests.

E. M. Kinsey, L. G. Roberts, T. H. George, Lee Shepard and Patterson Bros. represented Wellsburg last night at the boxing match.

Mr. and Mrs. Joseph Gliessenkamp and little son, of Pittsburgh, are the guests of Mrs. Gliessenkamp's father, Mr. C. Hess, on North Main street.

SOMETHING FINE.

An Extraordinary Good Vaudeville Performance at the Grand.

There never was an entertainment given by a vaudeville company in Wheeling that met with more hearty and enthusiastic approval by an audience than that given at the Grand last night, by the Boston Howard Athenaeum Star Specialty Company, and it is no wonder that the company has made such a hit throughout the country and has crowded the houses everywhere at high prices. It is a strictly first-class organization and one in which only high class specialties are introduced. The company is made of such recognized artists as Lorena and Levar, Mlle Madeline Rosa, Lizzie Mulvey, and Pearl Inman, the Levinos, Meyer Coen, Charles M. McDonald, Prof. V. F. Wormwood and his troupe of thirty dogs and monkeys. It will be the attraction at the Grand to-night, to-morrow afternoon and night. Seats at the box office.

A Big Show Coming.

The sale of seats will open at C. A. House's music store this morning for the engagement of Hopkins' Transoceanic Star Specialty Company, at the Opera House Thursday afternoon and night. The main features are the midwest athletes. The Roseworts are the daintiest little fellows imaginable; Karl is 13 years of age, 25 inches in height and weighs 16 pounds; Franz, the elder, is 20, height 30 inches, weight 25 pounds. Their wrestling and pugilistic performance and feats of strength have been, in turn, the rage of every European capital. This will be their first and probably last appearance in this country. Mr. Fulgora has imported three other European novelties, who will make their first bid for American favor.

Maher Banquetted.

Last evening Mr. P. J. Gavin tendered Peter Maher and his company a banquet at his home on Market street. The table was decorated with chrysanthemums and was a bower of beauty. Among the guests were Peter Maher, Jim Hall, Young Griffin, Frank Sweeten, Buck Cornelius, John J. Quinn and several members of the Howard Athenaeum Company, and local admirers of the pugilistic science. A very pleasant hour was spent.

Thomas Owens Dead.

Thomas F. Owens died last evening at his home, 32 Sixteenth street, after a brief illness. He was in his sixty-ninth year, and was an old resident of Wheeling, and had a very large circle of friends, especially among the old-timers. He was a native of Ireland, but came to this country when young. He leaves a wife and several children. The funeral will take place Wednesday morning, requiem mass being celebrated at the Cathedral at 9 o'clock. Parke division of the A. O. H. will attend in a body.

Didn't Affect the Creek.

With all the heavy rain that has fallen in this vicinity and over in western Pennsylvania, and yet there is no evidence of it in Wheeling creek at this place. The creek is the same old valley of fifth. It was expected that the rains would cause it to run out and "relieve the pressure," as old J. N. would put it.

Have you ever tried the Wheeling Bakery's Sweet Home Bread? It has become such a favorite that several bakers are trying to imitate it. This loaf of bread is a perfect wonder of excellence, not the result of accident, but of years of development. It is true our competitors' bread resembles it in outward appearance, but just ask your grocer for a loaf of Wheeling Bakery's Sweet Home Bread and you will find it just what you want.

IN OIL'S DOMAIN.

Important Operations in Progress in the Southwest.

THE ACTIVITY AT WAVERLY

Continues Without Interruption—South Penn Makes a Good Strike in Wetzel County—Activity on Long Run Resumed After the Drought—Wheeling People Who Have Good Territory in Ritchie County—Late News From All the Fields.

The Carter Oil Company's Whitney No. 7, in defined territory across the river from Sistersville, was drilled in yesterday morning, and when put to pumping will make from 30 to 50 barrels per day. The Judge No. 1, drilled in Sunday, will produce 50 barrels a day.

The Great Kanawha Oil Company has abandoned the hole on the Pettie dowsy, on Broad run, and will make it a mystery. It is down 550 feet. The South Penn Oil Company's well, on the Enalinger farm, on Black run, in Wetzel county, is flowing at the rate of 500 barrels a day. This company owns all the surrounding territory.

E. Clarke, Jr., has a fishing job at the top of the sand on the McBride farm in the Long run district.

Berry & Co. collapsed the casing in their No. 3, on Hoffman, in trying to shoot it, as the casing was right on top of the sand.

The McCalmot Oil Company and Ranger's well, on the Mahoney farm, should get the sand by Thursday.

The rain of the past few days had the effect of causing operations to be stimulated on Long run, and yesterday three new wells were started by William Sutton, Latschaw & Ernest and N. Thornley & Co.

The Deep Run Oil Company's No. 5, in a better well than was at first reported. When it was drilled in last week it produced 150 barrels, but has increased its production since that time to 180 barrels.

Grafton & Noll, who have been among the lucky operators in the Corning field, have leased 400 acres of land near Barnsdall's good lands on Archer's Fork, and will begin drilling two wells at once. Their territory is situated on a line out of Archer's Fork to Sistersville and should they make a strike in the deep sand, it will open up an extensive field.

Drilling will commence immediately on the Smith farm near Valley Mills, which has been delayed on account of the drought.

A deep well will be drilled at once in the western extension of the Waverly field, on the Beatty farm.

Joe Snakard will start five strings of tools immediately in Washington and Wood counties, his proposed operations some time ago being held back by a scarcity of water.

Rosser & Bros. will start at once to drill the well, the rig for which has been up some time. It is on the Cleveland Stone Company's farm across from the Hendersons. This well will be watched with considerable interest, as it is a most important location.

Hochstetter & Riley have started on the J. Ingraham farm, about 150 feet from the Hunter tract, near Waverly, and will drill another well west of No. 1.

F. E. Metzgar, who has been operating in the Corning field, has moved his headquarters to Marietta and will at once begin to develop the territory he holds in the shallow pool district.

Pipe line runs in the Sistersville field yesterday were Eureka 4,710 barrels and Mellon 4,945 barrels.

Credit balance quotations opened and closed yesterday at \$1.55.

A New Oil Deal.

Dr. Levi Levitt and Attorney William E. Patterson leave this morning for Jackson county to complete a contract for the lease of a large tract of oil lands. The Chillicothe Oil and Gas Company will take a lease of 1,000 acres on which they agree to begin a well within ninety days. Another company comprised of Wheeling people will lease 4,000 acres adjoining the Chillicothe Company's lease. The Wheeling people will meet the present leaseholders at Jackson C. H. and there effect the transfers to the companies named. The leased lands lie at the intersection of the oil lines coming in from the Sistersville and Mannington fields, and oil experts look upon the field with favor. The Standard Oil Company has shown its faith in this territory, and has leased large tracts of land to the south of the proposed lease of the Chillicothe Oil and Gas Company.

Good Ritchie Prospects.

The Wheeling people who are interested in the lease of the Lemmon farm out in Ritchie county's oil field are confident that they have a good thing. Recently a representative of the Standard at Parkersburg made an offer of \$2,300 for this piece, which was refused. They were then asked to put a price on it, but refused to do it. A well will be started there this week.

He Bought Neal's Island.

Henry W. McCoy, an oil man from Sistersville, bought Neal's Island, one mile above Parkersburg, yesterday, for \$2,725. The purchase comprises 109 acres. McCoy intends drilling on it for oil.

New Oil Wells Located.

A well has been located by the West Virginia Natural Gas Company on the L. B. Steer farm on Glenn's run and one by the Ohio Oil Company on the farm of Mrs. Jesse Bundy, near the Lupton well.

The Carter Oil Company's Whitney No. 7, in defined territory across the river from Sistersville, was drilled in yesterday morning, and when put to pumping will make from 30 to 50 barrels per day. The Judge No. 1, drilled in Sunday, will produce 50 barrels a day.

That hideous and deathly demon of sickness—constipation, is an easy enough thing to cure if you take the right medicine. Constipation is one of the commonest things in the world. It is really one of the most serious things. Fully nine-tenths of all the ordinary sickness of mankind is due to this one cause. If you place an obstruction in the gutter, it will stop the flow of water, and gradually a mass of poisonous, putrefying matter will accumulate. That is exactly what happens in the digestive organs when constipation begins. Poisonous matter accumulates and is forced into the blood. It goes all over the body and causes all sorts of symptoms. A few of these are dizziness, flatulence, heartburn, palpitation, headaches, loss of appetite, loss of sleep, foul breath, distress after eating, biliousness and eruptions of the skin. These things are unpleasant, but they are not serious. The serious things come afterward. Doctor Pierce's Pleasant Pellets are for the cure of constipation. They are tiny, sugar-coated granules, easy to take, mild and efficient in their action. One is a gentle laxative, two a mild cathartic. There is nothing else in the world like them. There is nothing that takes their place. There is nothing "just as good," although lying and unscrupulous druggists may sometimes tell you so for their own profit. Do you want to lose your health so that the druggist can get rich?
